

HIPAA Security Rule Assistant

HIPAA Security Rule Assistant is now the ultimate HIPAA Security Rule consultant. Written by a HIPAA compliance officer, the program includes a Risk Analysis Worksheet, Sample Policy Templates for each specification in the rule and a sample Incident Report Form, a sample Disaster Recover Plan, plus more information. It also provides HIPAA covered entities a program to view, learn and understand the HIPAA Security Rule, track actions taken and enter policies and procedures developed to meet the requirements of the rule. You can view the entire rule or portions thereof. Enter and track actions taken, enter comments, and more. A word processor is included to let you create policies in the program. **Registration Cost is \$69.95.**

The screenshot shows a software window titled "Action Area - HIPAA Security Standards - Administrative Safeguards". The window has a menu bar with "Options", "Utilities", and "Help". Below the menu bar is a navigation table with five columns: "Action Area", "Information Advisor", "Security Rule", "Miscellaneous", and "Exit Program". The "Action Area" column is currently selected, showing "HIPAA Security Standards".

The main content area displays "HIPAA Security Standards" and "Administrative Safeguards §164.308". It contains a table with the following columns: "Standards", "Section", "Implementation Specifications", "*", and "Current Status".

Standards	Section	Implementation Specifications	*	Current Status
Security Management Process	164.308(a)(1)	Risk Analysis	R	
		Risk Management	R	
		Sanction Policy	R	
		Information System Activity Review	R	
Assigned Security Responsibility	164.308(a)(2)		R	
Workforce Security	164.308(a)(3)	Authorization and/or Supervision	A	
		Workforce Clearance Procedure	A	
		Termination Procedures	A	
Information Access Management	164.308(a)(4)	Isolating Health Care Clearinghouse Function	R	
		Access Authorization	A	
		Access Establishment and Modification	A	
Security Awareness and Training	164.308(a)(5)	Security Reminders	A	
		Protection from Malicious Software	A	
		Log-in Monitoring	A	
		Password Management	A	
Security Incident Procedures	164.308(a)(6)	Response and Reporting	R	
Contingency Plan	164.308(a)(7)	Data Backup Plan	R	
		Disaster Recovery Plan	R	
		Emergency Mode Operation Plan	R	
		Testing and Revision Procedure	A	
		Applications and Data Criticality Analysis	A	

At the bottom of the window, there is a "Security Standard Safeguards" section with three buttons: "Administrative Safeguards" (selected), "Physical Safeguards", and "Technical Safeguards". To the right of these buttons is a "Print" button and a legend: "* R = Required; A = Addressable".
