pbH

PBH Provider Service Locations

This is the list of the contracted mental health, intellectual/developmental disability and substance use/addictions providers in the PBH Network as of September 2011. Inclusion in this directory serves as notice that these providers are accepting referrals for residents who live in, or whose Medicaid originates from, the five PBH counties - Cabarrus, Davidson, Rowan, Stanly and Union. Because we frequently add providers to our Network, you may call our Access Call Center at 1-800-939-5911 about a provider that is not listed, with questions about provider availability or any special needs you may have. Access is the point of contact for referrals to services, information regarding a provider's ability to accept new referrals and information on providers who can assist individuals who are non-English speaking. Providers in the PBH Network are required to provide translation assistance to their patients as needed.

For your convenience, this list is divided by types of providers, by service area, and providers are listed alphabetically. Please note: Not all providers are contracted for every service listed within the service category.

Comprehensive Community Providers (CCP)/Critical Access Behavioral Health Agencies (CABHA)

These are providers in the PBH Network who offer an array of services, including mental health, intellectual developmental disabilities and substance use/addictions and have been designated as a CCP or CABHA by PBH.

Agency Providers

These are agencies that provide behavioral health services that meet PBH criteria for enrollment, credentialing and/or qualification requirements to become an enrolled service provider with PBH.

Individual Licensed Independent Practitioners/Licensed Independent Practitioner

Groups

These are service providers who are licensed and who are eligible to bill Medicaid under their own license in North Carolina, either individually or as part of a group practice. They have been approved by PBH to provide Medicaid services to PBH consumers. They include: PhD Psychologist, Psychiatrist, Nurse Practitioner, Physician Assistant, Licensed Professional Counselor (LPC), Licensed Marriage and Family Therapist (LMFT), Licensed Psychological Associate (LPA), Licensed Clinical Social Worker (LCSW), Licensed Clinical Addiction Specialist (LCAS), or an Advanced Practice Psychiatric Clinical Nurse Specialist.

Contracted Hospitals

These are hospitals providing inpatient psychiatric, substance abuse treatment, and/or detoxification services who have met the standards to become an enrolled service provider with PBH.

State Institutions

These are regional psychiatric and developmental centers/facilities operated by the state of North Carolina responsible for providing help and support to North Carolinians and their families who experience mental health, intellectual developmental disability and substance use/addiction service needs.
